WHAT IT COVERS

Project leadership	One accountable contact route, scope, programme, meetings and decision log.
Residents/users	Audience-appropriate and, where needed, multilingual communication, appointments and contact.
Disruption control	Programme by unit, access, temporary measures and the ORYX Disruption Meter.
Partners	Selection, scope, qualification review, coordination and performance management.
Quality & safety	Hold points, deviations, corrective actions, photographs and evidence-based release.
Progress	Compact dashboard covering programme, status, risk, decisions and handover items.
Service & digital	Reports, appointments, status updates and feedback through a service line or resident environment once operational.
Handover	Pre-handover, final handover, snags, warranties, manuals and maintenance advice.
Aftercare	Reporting route, evaluation and return visits under the agreed service level.

One point of contact. No fragmented accountability.
