| <b>Loader-crane / building materials driver</b> | Delivery and unloading by crane, with required experience and evidence.             |
| <b>Waste collection driver / loader</b>         | Collection rounds, recycling streams and combined driving/ loading duties.          |
| <b>Tipper / bulk driver</b>                     | Raw materials, construction, infrastructure or agricultural flows.                  |
| <b>Van driver / courier</b>                     | Parcels, post, parts, groceries and business last-mile distribution.                |
| <b>Driver's mate</b>                            | Loading, unloading, route support, customer contact and physical distribution work. |
| <b>Removals operative / driver</b>              | Domestic and commercial moves, assembly and careful goods handling.                 |
| <b>Category D bus driver</b>                    | Category D licence, valid Driver CPC/Code 95 and applicable requirements.           |

## WAREHOUSE & LOGISTICS 16 ROLES

People who keep the flow of goods moving, from receiving through picking and packing to dispatch.

|                                       |                                                                                       |
|---------------------------------------|---------------------------------------------------------------------------------------|
| <b>Logistics operative</b>            | Versatile support across receiving, storage, order processing, dispatch and shipping. |
| <b>Warehouse operative</b>            | Goods handling, location management, picking, packing and workplace order.            |
| <b>Order picker / voice picker</b>    | Accurate picking by scanner, pick list or voice system.                               |
| <b>Packing / fulfilment operative</b> | Checking, packing, labelling, returns and shipment preparation.                       |

|                                            |                                                                                |
|--------------------------------------------|--------------------------------------------------------------------------------|
| <b>Inbound / goods-in operative</b>        | Unloading, counting, checking, recording and storing incoming goods.           |
| <b>Outbound / dispatch operative</b>       | Consolidation, loading sequence, documentation and on-time dispatch.           |
| <b>Cross-dock operative</b>                | Fast transfer, sorting and onward movement without long-term storage.          |
| <b>Parcel sorting operative</b>            | Parcel flows, hubs, returns and peak operations.                               |
| <b>Electric pallet truck operator</b>      | Horizontal transport, order collection and loading after suitable instruction. |
| <b>Forklift operator</b>                   | Pallets, receiving, storage and loading with demonstrable competence.          |
| <b>Reach truck operator</b>                | Racking and high-level handling, matched to the site and truck type.           |
| <b>VNA / combi truck operator</b>          | Narrow-aisle and high-bay warehouses, with relevant experience.                |
| <b>Loader / unloader</b>                   | Physical goods handling, docks, containers and safe loading processes.         |
| <b>Inventory operative / cycle counter</b> | Counts, discrepancies, location checks and records.                            |
| <b>Production logistics operative</b>      | Material supply, finished goods, line support and internal logistics.          |
| <b>Working team leader / supervisor</b>    | Task allocation, output, quality and day-to-day floor coordination.            |

## PLANNING & COORDINATION 8 ROLES

Every detail matters behind the operation too: planning, forwarding, customer service and administration.

|                                                                        |                                                                                        |
|------------------------------------------------------------------------|----------------------------------------------------------------------------------------|
| <b>Transport planner</b><br><small>ON REQUEST</small>                  | Plans vehicles, drivers, routes and time windows and responds to disruption.           |
| <b>Logistics planner</b><br><small>ON REQUEST</small>                  | Coordinates capacity, volumes, dock planning, inventory or production flows.           |
| <b>Freight forwarder</b><br><small>ON REQUEST</small>                  | Organises transport, documents and coordination with carriers, customers and partners. |
| <b>Logistics customer service</b><br><small>ON REQUEST</small>         | Monitors orders, delivery times, exceptions and customer communication.                |
| <b>Warehouse coordinator</b><br><small>ON REQUEST</small>              | Directs daily workflows, priorities and alignment between inbound and outbound.        |
| <b>Logistics supervisor / team leader</b><br><small>ON REQUEST</small> | Monitors staffing, safety, quality and productivity.                                   |
| <b>Logistics administrator</b><br><small>ON REQUEST</small>            | Processes orders, transport documents, inventory movements and hours or trip data.     |

## Fleet / transport support

ON REQUEST

Supports planning, vehicle files, damage, passes and operational administration.

**On request** means the role is supplied subject to confirmation. **Qualification required** means the role calls for a certificate, and a certificate does not automatically grant authority.

## FOUR WAYS TO WORK WITH US

01

### Temporary staffing

Flexible capacity aligned with the assignment and schedule.

Peaks, absence, flexible shifts and short-term deployment.

02

### Secondment

Skilled people for an agreed period and scope.

Longer assignments, projects and continuity.

03

### Recruitment & selection

Targeted recruitment for a sustainable permanent match.

The candidate joins the employer directly.

04

### Project teams & flex pools

A scalable deployment structure with planning and quality control.

Multiple roles, sites, shifts or recurring demand.

## REQUEST STAFF

Tell us what you need and the Workforce team will contact you to agree the details.
