CROP PRODUCTION, HORTICULTURE & FRUIT 10 ROLES

Core roles from plant to product. Crops and production systems become filters.

Crop Production Worker	Plants and tends crops in field production, greenhouses, nurseries, bulbs or seed.
Crop Care Worker	Prunes, ties, side-shoots, tops, trains and checks crops to the work instruction.
Harvest Worker	Harvests or picks vegetables, fruit, flowers and plants to quality and pace.
Fruit-Growing Worker	Pruning, thinning, tree care, harvest and orchard maintenance year-round.
Nursery Worker	Propagates, plants, lifts, ties, grades and prepares trees and plants for dispatch.
Flower Bulb Worker	Plants, selects, lifts, processes and grades flower bulbs.
Seed & Trial Field Worker	Supports sowing, observation, selection, harvest and records in seed and trial fields.
Produce Grading & Packing Operative	Checks, grades, packs and labels produce on farm or in a packhouse.
Horticultural Line Operator	Operates crop, grading or packing lines after suitable machine instruction.
Working Foreperson - Crop Production	Allocates work and monitors pace, quality, records and crew coordination.

LIVESTOCK, CONTRACTING & AGRICULTURAL TRADE 8 ROLES

Continuity on the farm, in the barn and in the field. Animal group and machine are agreed per assignment.

Livestock Farm Worker	Feeds, tends and checks dairy cattle, grazing livestock, pigs, poultry or horses.
Milker	Performs milking shifts and related animal and barn checks to the farm routine.
Agricultural Relief Worker	Takes over agreed farm duties during illness, leave, peaks or structural support.
Agricultural Machine Operator	Tractor, harvest, cultivation and other mechanised field work.
Irrigation Worker	Installs, operates and moves irrigation and monitors water and safe work zones.
Agricultural Trade & Logistics Operative	Receipt, internal movement, storage, order processing and dispatch.
Agricultural Quality Controller	Checks product, batch, records, traceability and customer specifications.
Working Foreperson - Agriculture	Coordinates workers, task allocation, progress, records and handover.

LANDSCAPING, GROUNDS & CONSERVATION 8 ROLES

People for construction, maintenance and outdoor assets, across gardens, public grounds, trees and turf.

Landscaper / Gardener	Constructs and maintains gardens and outdoor spaces.
------------------------------	--

Grounds Maintenance Operative	Maintains public and large-scale green space through mowing, pruning and planting.
Mowing Machine Operator	Operates mowing and maintenance machines on verges, lawns, sites and grounds.
Arborist	Plants, inspects, prunes and cares for trees.
Forestry & Conservation Operative	Maintains woodland, nature, paths, banks and recreation areas.
Groundskeeper	Maintains outdoor assets at businesses, institutions, parks and cemeteries.
Sports Turf Operative	Maintains turf, soil, markings, irrigation and playing quality.
Working Foreperson - Grounds Maintenance	Leads the crew and monitors assets, quality, safety and progress.

ON REQUEST 2 ROLES

Management profiles shown as available only where ORYX has demonstrable capacity.

Agricultural Farm Manager ON REQUEST	Manages production, people, programme, quality and results.
Grounds Maintenance Supervisor ON REQUEST	Coordinates people, plant, environment, programme and contract commitments.

On request means the role is supplied subject to confirmation. **Qualification required** means the role calls for a certificate, and a certificate does not automatically grant authority.

FOUR WAYS TO WORK WITH US

01 Temporary staffing Flexible capacity aligned with the assignment and schedule. Peaks, absence, flexible shifts and short-term deployment.	02 Secondment Skilled people for an agreed period and scope. Longer assignments, projects and continuity.	03 Recruitment & selection Targeted recruitment for a sustainable permanent match. The candidate joins the employer directly.	04 Project teams & flex pools A scalable deployment structure with planning and quality control. Multiple roles, sites, shifts or recurring demand.
