TRAFFIC CONTROL 4 ROLES

Roles for traffic flow and visitor routing. The legal role determines which directions a person may give.

Professional traffic controller	Controls traffic on public roads with required exam, appointment and site instruction.
Event traffic controller	Deployed for a specific event after the required instruction and appointment procedure.
Parking steward	Supports arrival, parking and routing without performing unauthorised traffic control.
Traffic-controller team coordinator	Plans posts, briefs the team and controls staffing and reporting.

TEMPORARY TRAFFIC MANAGEMENT 4 ROLES

Roles for work-zone layout and equipment. This crew installs and removes the work zone under the delivery plan.

Traffic management operative	Delivers, installs, checks, changes and removes temporary traffic management.
Traffic management driver	Transports equipment and supports installation and removal.
Impact protection vehicle driver	Operates an impact protection vehicle under the work plan and procedures.
Traffic signs installer	Installs, replaces and maintains temporary or permanent signs.

PREPARATION & LEADERSHIP 4 ROLES

Control of planning and delivery, from work preparation and CAD to project coordination.

Working foreman - traffic management ON REQUEST	Directs the crew and controls plan, equipment, safety and handover.
Traffic management works planner ON REQUEST	Prepares measures, equipment, schedule, permits and site delivery.
Traffic management CAD technician ON REQUEST	Develops temporary traffic plans and phases for the assignment and road type.
Traffic management project coordinator ON REQUEST	Connects customer, planning, yard, delivery crews and traffic controllers.

On request means the role is supplied subject to confirmation. **Qualification required** means the role calls for a certificate, and a certificate does not automatically grant authority.
