PLANNING & COORDINATION 8 ROLES

Every detail matters behind the operation too: planning, forwarding, customer service and administration.

Transport planner ON REQUEST	Plans vehicles, drivers, routes and time windows and responds to disruption.
Logistics planner ON REQUEST	Coordinates capacity, volumes, dock planning, inventory or production flows.
Freight forwarder ON REQUEST	Organises transport, documents and coordination with carriers, customers and partners.
Logistics customer service ON REQUEST	Monitors orders, delivery times, exceptions and customer communication.
Warehouse coordinator ON REQUEST	Directs daily workflows, priorities and alignment between inbound and outbound.
Logistics supervisor / team leader ON REQUEST	Monitors staffing, safety, quality and productivity.
Logistics administrator ON REQUEST	Processes orders, transport documents, inventory movements and hours or trip data.
Fleet / transport support ON REQUEST	Supports planning, vehicle files, damage, passes and operational administration.

On request means the role is supplied subject to confirmation. **Qualification required** means the role calls for a certificate, and a certificate does not automatically grant authority.
